23 September 1947

Mr. Herbert L. Jacobson, Director  
Radio Division, A.I.S., Trieste  
TRUST  
A.P.O. 88  
c/o Postmaster, New York, N.Y.

Dear Mr. Jacobson,

Thank you for your letter of 9 September with regard to Budapest. The Hungarian Radio has for some time had an English broadcast on the medium wave 546 kcs, and it is presently heard at 22:20 GMT. Inasmuch as Radio Budapest stated last year that its short-wave broadcasting station had been totally destroyed in the war, and since nothing had been heard on short wave until recently, we feel confident that 15370 kcs is something new.

We note with interest that the new Vola broadcasting station is in your network and would appreciate receiving a sample program schedule, with mention of the operating wavelength and transmitter power.

Very truly yours,

[Redacted] STATINTL
